Costa Blanca
Golf Tours 2006

The Costa Blanca situated in the south east of Spain is proven a popular tourist resort for holiday makers over the last decade. This is due to the area's beautiful surroundings, all-year round sunshine and a vast array of commercial attractions at your doorstep. Over the last few years the Costa Blanca has become a popular resort for golfers and golfing holidays, the region contains no less than fifteen challenging courses to satisfy a variety of skill levels

E-casa ensure that each of our client's golf trips are as enjoyable, relaxing and as accommodating as possible. We organise everything from tee times, to a bespoke chauffer service, the only thing to remember is your golf clubs!

Understanding the need to meet the demands of the modern day golfer is our priority and as a result we ensure maximum flexibility when booking your trip. In addition the standard golf offers we can also cater for bespoke packages from clients provided sufficient time between booking & travelling is given.

THE COURSES*

Villamartin-Par 72 6132m

The oldest course on the Costa Blanca, Villamartin has played host to the Mediterranean Open. Cleverly designed to take advantage of the natural contours of the terrain and with bunkers strategically placed on the tree lined fairways, Villamartin is an enjoyable and testing course for golfers of all abilities.

La Finca

La Finca - Par 72 6158m

A new course and already established as one of the best in the region, La Finca is designed by Pepe Gancedo and has an Arizona style layout. Magnificent greens and open fairways flanked by palm trees, pines and lakes make this a must for all golf lovers.

Campoamor - Par 71 5830m

Definitely a course of two halves. the front 9 holes are fairly open, but the back 9 are much tighter, winding through steep sided hills. The greens are fast and well protected, making for an enjoyable round of golf.

Las Ramblas - Par 72 5770m

It may not be the longest course in the world, but what it lacks in length, this Pepe Gancedo designed course more than makes up for with its challenging layout. Elevated tees, narrow fairways and slick greens make this excellent course a true

test of golf.

*Courses can vary if requested
